

PRESS RELEASE

Compress **PowerPoint** and **Word** files by up to 98%!

German software company balesio are pleased to announce the signing of a distribution agreement for Marinesoft for the UK distribution of their PPTminimizer product.

PPTminimizer can compress PowerPoint & Word files by up to 98% allowing:

Faster data transfer and more effective file storage.

Your minimized files to be edited and published without prior decompression.

Transferring of optimised files that fit in your and your recipients' inbox.

Increased productivity with the immediate saving of time and resources.

PPTminimizer 4.0 is compatible with Vista, the latest MS Office versions and of course it supports the new PPTX format. The program can be fully integrated into Outlook, Word, PowerPoint and Windows Explorer and it comes in English, French, German, Italian, Japanese and Spanish.

A fully functional version, with 12 free compressions can be downloaded from www.marinesoft.co.uk/product.php?id=PPT

PPTminimizer costs from £4.95 per user for 1,000 users to £17.95 for a single user & is available from the UK distributors, Marinesoft at www.marinesoft.co.uk

About balesio.

Balesio – a German producer of premium quality software – which emerged from Bernard D&G (founded in 1998).

Balesio is a privately held company that grew fast and have sold their flagship products PPTminimizer, ALLCapture and TurboDemo in over 120 countries within a two year period.

Many Fortune Global 500 companies as well as small and medium sized enterprises value the efficiency of balesio standard software as well as their custom-made developments.

About Marinesoft.

Marinesoft is the new name for The Thompson Partnership, a leading shareware & software publisher for over 20 years, now based in London.

Marine is the UK publisher for many award winning programs, such as SmartDraw, SkyMap, Mozart & many others.

A Press Review copy of PPTminimizer can be obtained from Nick Thompson, nick@marinesoft.co.uk upon request.
